I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: I strongly protest the FDA intrusion
into the area of inter-state shipment of prescriptions.
It constitutes a thinly-concealed manipulation by
the big-money lobbyists working for the large
drug companies. This proposed regulation reeks
of "Big Brother" control of individual freedom
by an overly-invasive government agency.
